

Special for the day: spinach omelets with cheddar cheese.

Satisfaction is guaranteed. We want all customers to leave the Phish Pharm happy.

Sign in the kitchen: Each waiter's apron must be clean. Each waiter must wash hands after leaving the rest room. Each waiter's pants must be black. Mrs. Gomez says, "Any waiter whose shirt is not sparkling white and freshly ironed will be sent home to change.

The chicken is grilled and served on a bed of Romaine lettuce leaves, with our "signature" lemon and artichoke dressing on the side. Waiters sing "That's Amore" while you eat.

We believe that the customer who isn't satisfied is a customer who deserves better. At Penelope's Pie Palace we do our best to please everyone.

Each person's order is treated with the utmost in care. Our chef says, "We want you to come back again and again."

Chef Anthony's creations are the talk of the town.

We've got pies, cookies, doughnuts, cakes, and other goodies that will make your mouth water.
