

A review of Pumpkin Carving with Tomas Gonzales

I really enjoyed the pumpkin carving night at the library. Tomas Gonzales was very relaxed and calm, and I learned all about his art form. He has taken pumpkin carving to the level of an art!

First, he showed us how to pick the perfect pumpkin. Then he showed us pumpkins he had made. He showed us his tools and his technique. Finally, he carved a pumpkin and lit it with a candle.

It was really amazing, and I hope he comes again next year.
